Declaration

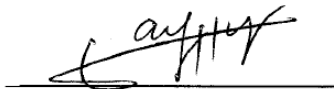

We hereby declare the following product:

FCC ID: ZL5S41A

For the equipment authorization of LTE band 41, the design and the implementation of the device limits the operation in the range of 2555 MHz to 2655 MHz, and it's targeted to be marketed in China. The purpose of the FCC certification is to consider the possible roaming in the US, and we ensure the device will operate strictly in accordance with the frequency range stated on the grant. We ensure the device will operate strictly in accordance with the frequency range stated on the grant.

Should you have any questions, please have my best attention.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Wayne Huang', is written over a horizontal line.
